

In collaboration with

Have you heard of the Men into Nursing Together?

We aspire to be a national network, that promotes and supports men who are qualified nurses, nursing students and health care assistants within Healthcare settings.

COULD THIS BE YOU?

We aim to raise awareness in, Schools, Colleges, Universities, and health care settings nationwide by advocating Men in Nursing.

Our long-term goal is to help end the disparity of men in nursing and make nursing a diverse and inclusive profession for all.

Come and join our community online
